

# VicStrip

Innovative and sustainable slat panels

V//COUSTIC  
INNOVATIVE ACOUSTIC SOLUTIONS

# Why **VicStrip** is the best solution

- / **Free of wood**, metal nails and with joints almost invisible
- / **Lightweight**, making it easy to transport, apply and offering less expensive shipment
- / **Sustainable**, by being manufactured with VicPET Wool, a material produced mainly from recycled plastic bottles
- / **Sound absorption VicPET Wool**, to control medium and high frequencies, engineered at Vicoustic research lab
- / **Humidity resistant**, making it suitable for kitchens, bathrooms, spas and outdoor applications (not exposable to direct sunlight)
- / **Fast and easy** to install and maintain

| Features  | VicStrip   | Other slat panels  |
|---|--|--|
| Weight  | 3.1 kg/m <sup>2</sup> ;<br>0.64 lb/ft <sup>2</sup> | 4.0–6.0 kg/m <sup>2</sup> ;<br>0.74–1.20 lb/ft <sup>2</sup>      |
| 270 cm / 8.9 feet version                                       | ✓  | Some brands.   |
| Flexible in both directions <sup>A</sup>                        | ✓  | ✗  |
| Resistant to humidity   | ✓  | ✗  |
| Can be used in bathrooms, pools, spas and outdoors <sup>B</sup> | ✓  | ✗  |
| Special screws for fixation included <sup>C</sup>               | ✓  | ✗  |
| Premium Scratch-resistant Thermal Lamination                    | ✓  | ✗  |
| Produced in Europe  | ✓  | Most are produced in China, although they use an european brand. |
| Slim design   | ✓  | ✗  |
| Customizable colors <sup>D</sup>                                | ✓  | ✗  |
| Good finish on power sockets and light controls                 | ✓  | ✗  |
| Back surface without metal nails                                | ✓  | ✗  |
| No heavy duty woodworking tools required for installation       | ✓  | ✗  |
| Easy to install on ceiling                                      | ✓  | ✗  |
| Assembly time approx. (min./m <sup>2</sup> )                    | ~ 2  | > 10   |
| Produced by specialists in acoustic                             | ✓  | ✗  |

<sup>A</sup> Except for VicStrip Double and VicStrip Double Square. <sup>B</sup> We do not advise the use under direct sunlight.

<sup>C</sup> Except for VicStrip Double and VicStrip Double Square. <sup>D</sup> Under specific requirements.

Not suitable for applications requiring fire-resistant materials.

VicStrip | Natural Walnut

The image displays seven rectangular samples of VicStrip, a material with a vertical ribbed texture. The samples are arranged in a staggered pattern on a white background. The colors of the samples are: light grey, sage green, deep red, dark charcoal, dark brown, medium brown, and light tan. The text 'VicStrip' is printed in white on the medium brown sample.

VicStrip

VicStrip stands out from other slat panels by introducing laminated VicPET Wool free of wood, making it more sustainable, flexible and lightweight

Easy to cut and install,  
in walls and ceilings

VicStrip can be easily glued to walls and ceilings, free of metal nails and with joints almost invisible.

**VicStrip Square** | Dark Walnut

The image displays a collection of approximately 12 square samples of the VicStrip Square product. Each sample is a square tile with a series of vertical black lines of varying thicknesses, creating a striped pattern. The background color of the tiles varies, including white, light green, red, dark grey, brown, and black. The tiles are arranged in a scattered, overlapping pattern on a white background.

# VicStrip Square

The Laminated PET reproduces matte colors or a wood look without using real wood.

VicStrip is humidity resistant and can be used outdoors, in SPAs, bathrooms and pools.

VicStrip Double | Reed Green

The image displays seven rectangular samples of a material called 'VicStrip Double'. Each sample features a pattern of thin, closely spaced vertical lines. The colors of the samples are: white (top left), sage green (top middle), deep red (top right), dark charcoal (far top right), light tan (middle right), medium brown (bottom left), and dark brown (bottom middle). The samples are arranged in a slightly overlapping, grid-like fashion on a plain white background.

**VicStrip Double**

VicStrip Double Square | Natural Oak

The image displays a collection of rectangular samples of the VicStrip Double Square product. Each sample is a square with a pattern of thin, parallel vertical lines. The colors of the samples include white, light green, red, dark grey, brown, and dark blue. The samples are arranged in a scattered, overlapping pattern on a light grey background. The text "VicStrip Double Square" is overlaid in the center in a white, sans-serif font.

# VicStrip Double Square

VicStrip is being used in residential settings such as living rooms, and also outdoors.

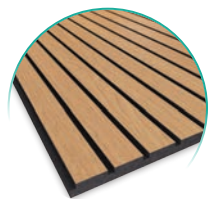

Open spaces such as Office Meeting Rooms and Restaurants are using VicStrip as a decorative acoustic solution.

**Vicoustic Vicstrip Panels (Non-FR):** Not suitable for applications requiring fire-resistant materials.

This product is a decorative panel and is not a building component. It is intended exclusively for use as a decorative element. It is not covered by the harmonized standards for construction products or the Construction Products Regulation (Regulation (EU) No 305/2011).

## Specifications

**Raw Materials:** High-density PET (non-fire rated), High-Pressure Laminate (HPL)

**Dimensions\*:** **A** 270 × 59.5 × 1.2 cm / 106.3" × 23.6" × 0.5"

**B** 240 × 59.5 × 1.2 cm / 94.5" × 23.6" × 0.5";

**C** 59.5 × 59.5 × 1.2 cm / 23.6" × 23.6" × 0.5";

**Packaging:** **A B** 1, 2 or 4 units/box; **C** 8 units/box

**Acoustic Properties:** Medium and High Frequencies Absorption  
NRC: 0.45 (applied directly on the wall); 0.85 (mounted on 40mm batten with VicPET Wool behind the panels)

**Installation:** Screwed to plasterboard walls or wooden structures (screws included); Flexi Glue Ultra, on masonry or concrete walls

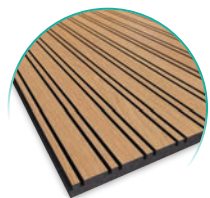

\* For each unit. Notice that the panels dimensions have a tolerance of +/- 2mm
