Included

Metal Spike Part x 10

Screws (Flat head 3x20 mm) x20

Drill

Not Included

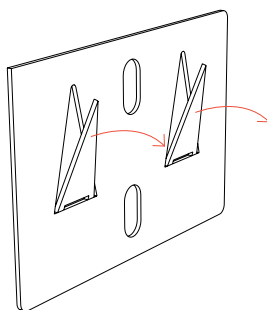

Level

Cutting Pliers

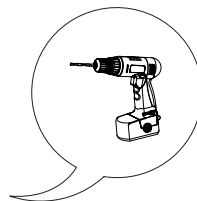

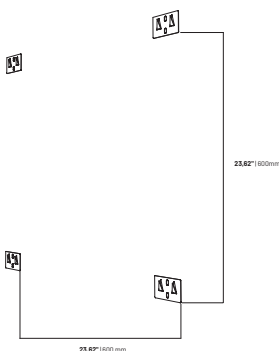

1

Make sure the spikes are forming a 45° angle with the metal piece itself.
Push them slightly out if needed.

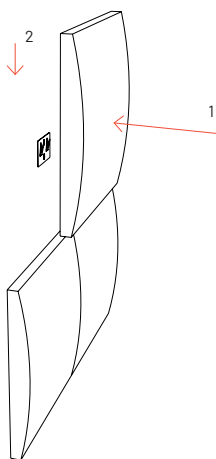

2

Screw in one spiked metal piece per each Vicoustic panel.

3

Push your Vicoustic panel into the piece at a 45° angle for the best fit.
