

Cinema Round Premium

PROFESSIONAL AUDIO / HI-FI & HOME CINEMA / PUBLIC SPACES

Description

Cinema Round Premium panels provide flexible and elegant solutions for sound control across a multitude of applications. Combining modern design with maximum acoustic efficiency, the fabric-covered Cinema Round Premium panel is commonly used to control sound reflections and excess reverberation, helping you maximize the performance of your listening space.

Cinema Round Premium has a broadband performance ranging from medium-low to high frequencies. It has been proved as one of the most stable panel with a very high and linear absorption coefficient.

Disclaimer: Please note that the tone of color will vary depending on the finish being used (Fabric, VMT or High-Pressure Laminate). Natural White in a Cinema Round Premium Fabric is darker than common white due to the transparency from the grey Polyurethane foam inside. Therefore, it will be very different from the Natural White on a VMT panel or on a High-Pressure Laminate panel.
